

Large Crowd Greets Special

Great Interest Taken in all Exhibits and Demonstrations. State Fair on Wheels.

The Agricultural, Educational and Health Special which was here on last Wednesday in charge of Capt. T. F. Peck, Commissioner of Agriculture, was greeted by a large crowd of farmers and business men as well as women, children, boys and girls.

This train consisted of nine coaches including a sleeper and diner.

Dr. Geo. R. White, State Live Stock inspector, was in charge of the live stock department and gave interesting lectures on the eradication and tuberculosis among cattle.

J. F. McLain, an expert had charge of the dairy car and demonstrated the proper way of handling dairy products.

J. A. Deunwilde had charge of the poultry department and his lectures were very interesting.

Great attention was taken in the exhibits of feed stuffs, also in the anti-tuberculosis exhibit. Instructional literature on sanitation and pure foods was distributed. The domestic science car which was in charge of Miss Lucy Buttorf, was of especial interest to the ladies and the Bureau of Entomology under the direction of Prof. G. M. Bentley was efficiently demonstrated, the steward's department also was of much interest.

It is to be regretted that the visit of this train was not thoroughly advertised as every farmer especially, should have seen the exhibits and heard the interesting lectures on the different subjects every one of which were of vital interest not only to the farmer but to every one.

The people of Leoma and vicinity deserve especial mention for the interest taken in the Special Train and courtesy shown to those in charge.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

All But One Go For Wilson

Republican Leader Predicts Utah Only State Safe for Taft. Says G. O. P. is Dead.

Prof. T. R. McNally, Superintendent of schools at Buckley, Washington, is visiting his mother and other relatives in and near Lawrenceburg. He is a brother of T. F. McNally of Loretto. Mr. McNally is accompanied by his wife and little son. They spent ten days in Chicago where the Prof. was a delegate to the Republican Convention. They also stopped for a few days at the Democratic Convention, at Baltimore. Speaking of the Chicago Convention, Prof. McNally said:

"Grandfather was an old line Whig, father voted for Fremont, and during his life never scratched a ticket but once and that in favor of a special Democratic friend in Lawrence County. I was rocked in a Republican cradle, have always voted the Republican ticket and expected to continue to do so but if the action of the Republican Convention at Chicago was Republicanism, I am not a Republican and pray God to forgive any such former affiliation. From boyhood I have been taunted by Democrats with the persistent charges that the Republican leaders are thieves and robbers. I have always bitterly resented such thrusts, and these controversies have resulted in many a boyhood scrap. Now I am compelled to get down in the confessional and in sack cloth and ashes acknowledge that these things are not only true, but that the 'Half has not been told.'"

The conduct of the Republicans at Chicago was not only disgraceful to the party but to the nation and to civilization. The delegates seated from Washington state were no more entitled to sit in that convention than was the Sultan of Sulu, or King Siam. I was much grieved to find the Hon. H. Clay Evans, whom I once enthusiastically supported, lined up with the political brigands. I should think that he, bearing in mind a former gubernatorial contest, could appreciate empty honors of stolen goods. It is lamentable to compare the disgraceful action of our Republican Senator, Newell Sanders, at Chicago with the patriotic part played by the Hon. Luke Lea, a Democrat at Baltimore. As a Republican I blushed at the comparison.

Roosevelt was nominated by one and a half million votes in the preferential primaries, and he had a clear majority of 57 in the national Convention. Had he been allowed to reap the fruits of an honest victory his election would have been certain, no living man could beat him before the people. The Republican party would have had a new birth and been assured of political supremacy for another quarter of a century. Theodore Roosevelt with his added experience and growth would have given us the greatest administration in the history of America.

It has always been said that the Democrats can always be depended upon to do the wrong thing at the right time. For once this is not so—thanks to the patriotism of one man.

The greatest responsibility ever thrust upon a party has been placed in the hands of Democracy, and the party has arisen to the occasion by nominating a great man and thereby giving to the respectable element of both parties a man whom they can honestly and conscientiously support. In my opinion the greatest men in America today, are in the order given, Theodore Roosevelt, William Jennings Bryan and Woodrow Wilson. I was one of the 300,000 men in Chicago who demanded of Theodore Roosevelt that he lead the new party. In the light of the action of the Baltimore Convention, I hope the third party movement will now be dropped and the Progressive movement thrown to Wilson. In this case I predict Woodrow Wilson will carry every state in the Union with the possible exception of Utah. President Taft and his followers are in utter disgrace before the American people and the Republican party with its proud history of half a century—the greatest political party in history—is dead."
